Internship Report – I

Full Stack Web Development

JULY 2025

ADIL IQBAL

Intern – Rasheed Foundations

Introduction

This document serves as a comprehensive record of the On-the-Job Training (OJT) undertaken by the student as part of the **B.Sc. Computer Science** curriculum at **SIES (Nerul) College**. The internship was conducted at **Rasheed Foundation** during the academic period of **July – August 2025**.

The primary objective of this internship was to gain practical exposure in the domain of **Full Stack Development**, complementing the theoretical knowledge acquired in college with real-world application. This report outlines the tasks completed, theoretical concepts learned through official course materials, and practical exercises implemented throughout the internship period.

Through this report, the student's technical growth, level of understanding, and ability to apply concepts to actual development work are documented for evaluation and future reference.
